

Suggested Usage: Mix 1/4 teaspoon daily in 8 oz. of water or juice.

Shake well before use.
Refrigerate after opening.

Chlorophyll is a green pigment naturally produced by plants. Chlorophyll can function as a free radical neutralizer, may help to support the body's detoxification processes and has been traditionally used as an internal deodorizer.* This water-soluble extract is in the form of sodium copper chlorophyllin.

***These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.**

Caution: For adults only. Consult physician if pregnant/nursing, taking medication, or have a medical condition. Keep out of reach of children. When taken orally, chlorophyll may cause diarrhea or green discoloration of urine or feces.

Note: Chlorophyll contains a green pigment that could stain your clothing. Handle with care. Chlorophyll may also stain teeth when taken undiluted. Use only as directed.
