WOMEN'S ULTRA MEGA® DIABETIC SUPPORT

GNC Women's Ultra Mega® Diabetic Support Vitapak® Program is scientifically designed with ingredients that are important for helping women maintain overall health and wellness and is formulated to provide optimal health benefits when taken as directed every day.* It contains nutrients that address the primary health concerns of people with diabetes: blood glucose support, eye health and circulatory health.* Use Women's Ultra Mega® Diabetic Support Vitapak® Program in conjunction with a nutritionally balanced diet suitable for persons with diabetes to help maintain healthy blood sugar levels and improve circulation and eye health.*

- **Women's Ultra Mega® Diabetic Support** – This powerful multivitamin not only supports overall health and wellness, but also includes premium blends of herbs, antioxidants and other key nutrients that offer support for eye health and glucose metabolism and utilization.*
- **Blood Glucose Support** – Formulated with key ingredients such as chromium, which is involved in normal glucose utilization and maintaining glucose homeostasis, as well as turmeric, a powerful antioxidant. Includes cinnamon, bitter melon and fenugreek for added support.*
- **Circulation & Metabolism Support** – Provides premium resVida® Resveratrol, clinically shown to significantly enhance blood vessel dilation.* Also delivers L-carnitine, which facilitates the metabolism of long chain fatty acids, and alpha-lipoic acid, which plays an important role in cellular energy metabolism.*
- **Concentrated Mini Fish Oil** – A high-potency dose of 5 times purified fish oil that provides 501 mg of omega-3 fatty acids DHA and EPA. Fish oil supports the body's natural anti-inflammatory response and is necessary for optimal eye function, circulatory health and cardiovascular health.*
