OFF THE CHAIN is a blend of 5,000mg of Branch Chain Amino Acids and Glutamine for lean muscle and recovery. BCAAs are the most abundant amino acids found in muscle tissue, and are the most readily absorbed group of amino acids. OFF THE CHAIN contains the perfect BCAA ratio of 2:1:1 for superior results. Take your results to a whole new level with this great tasting drink.

These amino acids increase protein synthesis and nitrogen retention, both essential to building lean muscle. BCAAs are metabolized directly in the muscle, and are considered "essential" because the body cannot build them from other components. Instead, they must come from diet or supplementation. Take your results to a whole new level with this great tasting drink.
