

**DIRECTIONS:** Take 1 capsule twice daily, or as directed by your healthcare professional.

Consult your healthcare professional prior to use. Individuals taking medication should discuss potential interactions with their healthcare professional. Do not use if tamper seal is damaged.

**Liver Protect™** contains powerful antioxidants and selenium for targeted liver support. The liver is the body's primary detoxification organ, and it relies on complex systems to filter blood and process toxins into less harmful substances. N-acetyl-cysteine (NAC), alpha-lipoic acid, silybin extract from milk thistle, and selenium support these processes through interactions with signaling pathways and promoting synthesis of the detoxification powerhouse glutathione. This formula promotes antioxidant activity and cytokine balance and is designed to provide immune system support and protect liver tissues.\*
