SAM-e

*THE Methyl Donor**

ePV:

30 Acid-Resistant Vegetarian Capsules

Dietary Supplement

EXCLUSIVE PROFESSIONAL FORMULAS

SAM-e

DIRECTIONS: Take one capsule daily, or as directed by your healthcare professional.

Consult your healthcare professional prior to use. Individuals taking medication should discuss potential interactions with their healthcare professional. Use special caution in individuals with bipolar disorder. Do not use if foil is punctured.

SAMe (S-adenosyl-L-methionine) is a molecule that is naturally formed in the body. SAMe is a methyl donor in a process essential to normal cell health and function known as methylation. The methylation process can decline with age or as a result of chronic alcohol consumption, and it can be limited by genetic defects.*

SAMe contributes to the synthesis, activation, and metabolism of neurotransmitters, proteins, nucleic acids, phospholipids, hormones, and some drugs. It supports glutathione production, liver health, joint comfort, and a healthy mood.*

Gnosis' Adomix® contains a minimum of 70% of the SS isomer of SAMe, the form the body can use most readily. This relatively high concentration makes **SAM-e** cost-effective. Each capsule is sealed in a nitrogen-purged blister pack to maximize protection from the environment.*

***These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.**

STORAGE: Keep closed in a cool, dry place out of reach of children.

FORMULATED TO EXCLUDE: Wheat, gluten, corn, yeast, soy, animal and dairy products, fish, shellfish, peanuts, tree nuts, egg, ingredients derived from genetically modified organisms (GMOs), artificial colors, artificial sweeteners, and artificial preservatives.

Supplement Facts

Serving Size: 1 Capsule
Servings Per Container: 30

Amount Per Serving		%Daily Value
S-adenosyl-L-methionine	200 mg	**
(as S-adenosyl-L-methionine disulfate p-toluenesulfonate) ^{S1}		

** Daily Value not established.

Other Ingredients: Capsule (hypromellose, gellan gum, and water), ascorbyl palmitate, calcium oxide, silica, and calcium chloride anhydrous.
