

Daily Essential Nutrients provides the solid nutritional foundation your brain and body need to perform optimally. This Iron & Copper Free version of the formula has been designed to accommodate certain disorders of nutrient metabolism and other special considerations. Count on it to deliver unmatched results because it is:*

- ✓ **Complete.** Every biological process requires *multiple* essential nutrients. **Daily Essential Nutrients** delivers the essential vitamins and minerals you need to fortify your body against serious problems like chronic stress, anxiety, depression, and brain cell degeneration.*
- ✓ **Balanced.** The level of each ingredient is calculated to maintain the natural ratios of nutrients in your body that are critical to promote optimal cognitive function, mental clarity, focus, and mood stability.*
- ✓ **Optimized.** Our *NutraTek™* mineral chelation maximizes bioavailability, absorption, and delivery throughout the body. This enables vital nutrients to efficiently cross the blood-brain barrier, enhancing neuron structure and function.*

Suggested Use:* Studies show 12 or more capsules per day is often required for optimal results. Start with 1 capsule 3 times daily, and increase to 4 capsules 3 times daily. Take with food. Store in a cool, dry place. Do not use if seal is broken or missing. Those who wish only to avoid copper may supplement additional iron at a dose equivalent to 4.6 mg or more for every 4 capsules of Iron & Copper Free **Daily Essential Nutrients**. Those who wish only to avoid iron may supplement additional zinc at approximately 9 mg for every 4 capsules together with copper at approximately 2.4 mg for every 4 capsules or as directed by a physician.

Caution:* As **Daily Essential Nutrients** balances the body, other supplements, medications, and recreational substances may no longer be needed, and as a result, their side effects may increase. If this happens, they will need to be appropriately reduced, and in many cases, gradually discontinued. Regularly monitor the side effects of each medication you take. Consult with a physician before adjusting any prescription medication. For more information visit: GetHardy.com/meds.
