

SUGGESTED USAGE: Add 1 level scoop (42 g) daily to 8 oz. of cold water or milk, and blend.

NOW® Whey Protein Hydrolysate is a high quality protein that is enzymatically hydrolyzed (partially predigested) into smaller peptides for increased bioavailability and absorption compared to other whole proteins. In addition, this protein hydrolysate powder is instantized for easy mixability and dispersion. NOW® Whey Protein Hydrolysate also has naturally occurring Branched Chain Amino Acids (BCAA's), and is ideal for active individuals.

Whey protein is considered to have the highest Biological Value of any protein source – superior in essential amino acid content to beef, milk, casein or soy.

NOTICE: Use this product as a food supplement only. Do not use for weight reduction.

Made in the USA

CODE 2189 V1

No Artificial Ingredients

**Mixes Instantly • Hydrolyzed
With Branched Chain Amino Acids
