CODE 2908

V2

Caution: Consult physician if pregnant/nursing, taking medication, or have a medical condition. Keep out of reach of children.

NOW® Clinical Probiotic Immune™ is a combination of *L. acidophilus* NCFM® (predominant strain) and *B. lactis* BI-04®, two clinically validated probiotic strains that help to promote a robust, balanced response to immune system challenges. A growing body of scientific work has demonstrated that the Gastrointestinal (GI) tract plays an essential role in healthy immune system function and that resident gut microflora are an integral part of that function. Both of the acid-resistant strains in this formula are known to support digestive health, while NCFM® may also help to support a healthy insulin response through its positive influence on the GI tract.*

SUGGESTED USAGE: As a dietary supplement, take 1 capsule 1 to 2 times daily. Appropriate for adults and children over 4. Not intended for children under 4.

AFTER OPENING KEEP REFRIGERATED TO EXTEND POTENCY.
