PHYSICIAN
ENDORSED

Dr. Frank J. Costa, M.D.

GNC Mega Men® 50 Plus Vitapak® Program is physician endorsed by Frank J. Costa, M.D., an internationally acclaimed urological surgeon, men's health expert and member of the GNC Medical Advisory Board.

"Men over 50 need to make wise decisions about nutrition to remain healthy as they age. Mega Men® 50 Plus Vitapak® Program is the smart choice for mature adults who want to keep up with the changes that accompany aging. I strongly recommend this program because it contains everything that a man over 50 needs to ensure optimal nutritional support. This complete program includes a premium high potency multivitamin, targeted formulas to support prostate and memory function, ingredients that support heart and vision health, plus antioxidant protection."
— Frank J. Costa, M.D.

Why Should I Use Mega Men® 50 Plus Vitapak® Program?

Mega Men® 50 Plus Vitapak® Program includes key nutrients that a man over 50 needs to ensure optimal nutritional support. The components in this program provide highly effective support for healthy aging.*

How Can Mega Men® 50 Plus Vitapak® Program Benefit Me?

Mega Men® 50 Plus Vitapak® Program combines important nutrients that support overall nutritional needs with focused ingredients designed to address particular health concerns of men over 50 in one convenient daily pack.

How Does Mega Men® 50 Plus Vitapak® Program Work?

Each serving of Mega Men® 50 Plus Vitapak® Program includes the following components to help you achieve your daily nutritional goals:

- **Mega Men® 50 Plus** – This clinically studied[^], powerful multivitamin without iron supports overall healthy aging. It includes a potent complex of B-vitamins for metabolism support and energy production, saw palmetto and lycopene to support prostate health and antioxidants for protection from free radicals that can destroy healthy cells and promote the cell-aging process.*
- **Saw Palmetto Formula** – A blend of special ingredients, including pygeum, lycopene and saw palmetto to help support prostate health and normal, healthy urinary flow.* This formula also contains zinc for normal reproductive function.*
- **Memorall®** – This specialty formula combines ingredients that may support healthy brain function and memory retention including ginkgo biloba to support increased peripheral blood flow, huperzine A to help prevent breakdown of key neurotransmitters in the brain and DHA, an important omega-3 fatty acid which is an important structural component of the brain.*
- **Fish Oil with CoQ-10** – This premium formula provides 600 mg of omega-3 fatty acids to support heart health and 100 mg of CoQ-10 to help produce cellular energy and support a healthy cardiovascular system.* Fish oil helps maintain healthy cholesterol and blood pressure levels and supports joint, brain and skin health.*
- **Phytosterols** – These natural compounds found in fruits, vegetables and whole grains help block cholesterol absorption.* Phytosterols are clinically shown to support healthy cholesterol levels and may reduce the risk of heart disease.*

^{*}Scientific research shows that 400 mg per serving of free Phytosterols taken twice a day with meals for a daily total of 800 mg, as part of a healthy diet low in saturated fat and cholesterol, may reduce the risk of heart disease. Each daily serving supplies 800 mg of Phytosterols.

[^]In a randomized, double-blind, placebo-controlled study of 112 healthy volunteers, subjects taking the GNC vitamin and mineral blend in this product for six weeks experienced statistically significant improvements in markers of B vitamin and antioxidant status, as well as improvements in SF-36 Vitality and Mental Health scores compared to those taking a placebo.
