

NattoStim™ features the powerful systemic enzyme Nattokinase that is produced by the bacterium *Bacillus subtilis* during the fermentation of soybeans to produce natto, a traditional Japanese food that has been used for thousands of years. Catalase and AstraZyme® augment the formula. NattoStim supports circulatory and immune health.*

SUGGESTED USE: Take one (1) capsule on an empty stomach two (2) hours before or after a meal.

AstraZyme® is a registered trademark of ERCC, Inc.

Manufactured for: Master Supplements, Inc.
