

THE AGE
OF
RENEWAL

HYDROS TURNS FILTERED
WATER INTO DELICIOUS,
MINERAL-RICH WATER.

Thousands of processes in our
bodies require trace minerals and
electrolytes. Unfortunately, these
minerals have been largely
stripped from our drinking water
and foods, making
supplementation essential.

Sourced from pristine seabeds in
Utah, Hydros is formulated to
supply trace minerals and
electrolytes in the precise ratios
your body needs to thrive.

DIRECTIONS

Add 40 drops (0.5 Tsp) of Hydros
per 1 liter of water.

To adequately replenish trace
minerals and electrolytes, we
recommend consuming a minimum
of 2 liters of water remineralized
with Hydros, per day.
