NOW® Resveratrol Liquid Concentrate delivers the natural nutrient profile found in Genuine Whole Foods.

Resveratrol is a polyphenol naturally found in the skin of red grapes, certain berries, and other plants. Recent research has shown that Resveratrol can support healthy cardiovascular function through its ability to quench reactive oxygen species, as well as through its ability to promote a healthy response to biological stress. NOW® Resveratrol Liquid Concentrate also has Proanthocyanidins (OPC's) from Grape Seed Extract, Vitaberry®, Acai, Cranberry and Pomegranate which naturally complement Resveratrol's cellular and cardiovascular supporting properties.*
