

Ostinol™ is a complex of proteins naturally found in bones and joints. These proteins are functionally involved in the formation of bone and cartilage.*

SUGGESTED DOSAGE: As a supplement take one (1) to three (3) Ostinol™ chews per day. For maximum bone results, take with Tricalcedin-3®. For maximum joint results, take with Chondrinol®.

WARNING: Consult a physician before using if pregnant, nursing or on medication. Do not use if inner seal is missing or broken.

Keep out of the reach of children.

Store in a cool, dry place.

OSTINOL™

Bone & Cartilage Stimulating Protein Supplement

Chocolate Chews

Promotes Bone & Cartilage Formation*
