

Dr. Berg Raw Organic Wheatgrass Juice Powder uses the highest quality growing and processing methods. Our wheatgrass is grown in the rich soils of an ancient seabed in Utah's West Desert, full of rare trace minerals and nutrients. Using a unique freeze-drying method called BioActive Dehydration™, we retain the natural qualities of fresh juice: when reconstituted in water the juice is virtually identical to fresh-squeezed juice with essentially no degradation of color, flavor, aroma, enzymes or nutrition.†

Wheatgrass contains high concentrations of valuable nutrients, including chlorophyll, vitamins, minerals, and natural enzymes. This juice powder contains no carriers or additives. This purity makes it more soluble in water and ideal for use in a variety of drink mixes.†

One half teaspoon (1.2 g) is equivalent to a one-ounce shot of fresh wheatgrass juice. And realize that this product is the juice of the wheatgrass, ten times more potent than the wheatgrass itself.†

Ingredients: Organic raw wheatgrass, organic brand wheatgrass with kamut, organic natural lemon lime flavor, organic stevia Reb A 98%

SUGGESTED USE: Dissolve one scoop (2.7 g) into an 8 oz glass of water or a smoothie. Do not take with hot liquids because heat will neutralize active enzymes. Recommended daily on an empty stomach (20 minutes before or 2 hours after a meal).

CAUTION: Do not exceed recommended dose. Pregnant or nursing mothers, children under the age of 18, and individuals with known medical conditions should consult a physician before using this or any dietary supplement.

This is a vegetarian/vegan product.

DO NOT USE IF SAFETY SEAL IS DAMAGED OR MISSING. STORE IN A COOL, DRY PLACE, WITH A LID.
