

**PROTOCOL
FOR LIFE BALANCE®**

Acetyl- L-Carnitine

500 mg

- Transports Fatty Acids & Boosts Cellular Energy*
- Brain & Nerve Cell Function*

100 Veg Capsules

A Dietary Supplement Vegetarian/Vegan

SUGGESTED USAGE: Take 1-2 capsules 1 to 2 times daily as needed, or as directed by your healthcare practitioner.

HOW IT WORKS: Acetyl-L-Carnitine (ALC) is a naturally occurring component of fat metabolism and cellular energy production.* ALC readily crosses the blood-brain barrier and promotes healthy nerve cell function by maintaining normal mitochondrial bioenergetics, stabilizing cell membranes, and contributing to the production of acetylcholine, an important neurotransmitter that plays a role in learning and memory.* ALC also supports the brain's natural free radical neutralizing defenses.*

CAUTIONS/INTERACTIONS: ALC may interact with anticoagulant medications. If you are pregnant/nursing, taking medication (including thyroid hormones), or have a medical condition (including thyroid disorder), consult your healthcare practitioner before taking this product. Some pharmaceutical medications may increase the need for ALC, including AZT, certain antibiotics, isotretinoin, and some anti-seizure medications (carbamazepine, phenobarbital, phenytoin, and valproic acid).
