

ITEM NO. HN005-P180

TriEnza aids in the digestion of food proteins (including gluten, casein and soy), carbohydrates, sugars (including lactose), and fats.† TriEnza provides a high level of DPP IV (dipeptidyl peptidase IV) activity, which aids in the breakdown of casomorphin (from casein) and gluteomorphin (from gluten). TriEnza may be taken with other Houston Enzymes products.†

TriEnza was developed by Dr. Devin Houston, Ph.D. enzyme biochemist.

SUGGESTED USE: Mix 584 mg. (approximately 1/4 teaspoon or slightly heaping scoopful using enclosed scoop) with food or beverage prior to each meal. 584 mg or 1/4 teaspoon equals 2 capsules of TriEnza. More may be taken as desired. **Use care not to inhale enzyme powder.**

Do not use if tamper-proof seal is broken. Keep container closed and store at room temperature or in freezer, but do not place in refrigerator due to humid conditions.

† These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

AFP-Peptizyde, Zyme Prime, and No-Fenol.**

Dietary Supplement 105 grams

Supplement Facts

Serving Size 584 mg (approx. 1/4 teaspoon)
Servings Per Container 180

	Amount Per Serving	% DV
Peptidase (with DPP IV)	50,000 HUT	*
DPP IV	1200 DPPU	*
Xylanase	16,000 XU	*
Protease 800	65,000 HUT	*
Amylase	12,000 DU	*
Protease 6.0	25,000 HUT	*
Glucoamylase	25 AGU	*
Lactase	1500 ALU	*
Alpha-galactosidase	200 GalU	*
Beta-glucanase	30 BGU	*
Lipase	200 FIP	*

*Daily value not established.

OTHER INGREDIENTS: Medium Chain Triglycerides. No added sugar, starch, dairy, soy, wheat, yeast, gluten, artificial flavors or animal derivatives.

Some settling of contents may occur.
