

## Zyme Prime Chewable from HOUSTON ENZYMES

ITEM NO. HN002-TF100

Zyme Prime may be helpful for the digestion of complex carbohydrates, triglyceride fats, starches and proteins. Contains lactase to aid those intolerant to lactose.†

Zyme Prime was developed by Dr. Devin Houston, PhD enzyme biochemist.

**SUGGESTED USE:** Two (2) tablets prior to meals. More tablets may be taken as desired. Two (2) chewable tablets are equivalent to one (1) Zyme Prime in capsule form. Tablets may be crushed, using care not to inhale enzyme powder.
