

Hermetic seal under cap for safety and freshness. Contains no artificial sweeteners or preservatives, colour, dairy, starch, wheat or yeast.

Each Capsule Contains:

* 6 billion active cells of the following specially cultured strains:

Lactobacillus rhamnosus	50% / 3.0 billion
Lactobacillus casei	30% / 1.8 billion
Lactobacillus acidophilus	10% / 0.6 billion
Bifidobacterium longum	10% / 0.6 billion

* At time of manufacture guaranteed minimum 6 billion active cells per capsule. These micro-organisms are in a base of FOS (fructooligosaccharides: naturally occurring complex fructose molecules

derived from chicory root), maltodextrin, calcium gluconate, pectin, vegetable grade magnesium stearate (lubricant) and ascorbic acid. Encapsulated in a gelatin capsule (gelatin and purified water).

Suggested Usage: 3 capsules per day with meals. Keep out of reach of children.

Indication: To maintain healthful bacterial balance.

To maximize product freshness, protect from humidity and refrigerate after opening.
