

Directions: Take 1 capsule up to three times per day.

Description: Trans-resveratrol is a protective compound produced by grapes and other plants. Studies in animal and cellular models show that trans-resveratrol significantly increases lifespan. Trans-resveratrol also has antioxidant and anti-inflammatory effects that benefit the heart, brain and mitochondria. *Extension Resveratrol* is formulated with quercetin and red wine polyphenols for synergistic activity.*

Keep container tightly closed in a cool, dry and dark place. Keep out of reach of children.
