Other ingredients: gelatin (shell), glycerin (shell), yellow beeswax, purified water (shell), rice bran oil, non-GMO sunflower lecithin (emulsifier), and turmeric powder (shell).

DIRECTIONS: As a dietary supplement take 1 softgel capsule per day with food, or as directed by a health care professional.

The fish liver oils in this product are purified by a series of special processes including molecular distillation. These processes provide consistency and high purity yielding a product that contains no significant amounts of PCBs, pesticides, heavy metals, or oxidized contaminants. Recent research on Vitamin D indicates that the functions of this essential nutrient are far greater than known previously. Research shows that the amount needed by the body on a daily basis for optimum function is approximately 5,000 IU. Vitamin A and Vitamin K2 are included because they act synergistically with Vitamin D to help provide maximum benefits.

VITAMIN D3 PLUS Does Not Contain: wheat, rye, oats, corn, barley, gluten, egg, dairy, sugar, GMOs, shellfish, yeast, preservatives, artificial colorings, soy, or artificial flavorings.
