THE BRAZILIAN BEAUTY SECRET

Grown in the lush Amazon Rainforest, the açai berry has been honored by the indigenous people of South America as a staple for healthy living. Our Organic Açai 100™ berries undergo a unique, traditional processing technique in which the fruit and epicarp (outer skin) is "rubbed" off the inner seed, and whipped into a smooth and velvety purée. Sustaining Brazilians for thousands of years with its high nutrient density, these berries offer generous amounts of amino acids, antioxidants and healthy omega fatty acids.

PURE & ORGANIC

What makes our supplements so unique? We have only one ingredient: "100% pure superfruit." Each superfruit supplement is 100% pure superfruit juice derived entirely from the fruit, processed by traditional methods used in each country of origin. There are no additives or fillers, and we never dilute our supplements with water or fruit juices. They're simply 100% pure, USDA Certified Organic superfruits from Genesis Today's Superfood Farms. This product is vegan, certified kosher, and contains absolutely no gluten, wheat, dairy, corn, or soy!
