

GAT. WITH OVER 13 YEARS IN SPORTS SUPPLEMENTATION

PRODUCT INFORMATION

Testagen[®] by German American Technologies is the most cutting-edge performance enhancer scientifically formulated. When used as directed, the compounds in Testagen[®] may significantly optimize anabolic activity and muscle hypertrophy in trained individuals. The minimal water retention makes Testagen[®] a very desirable anabolic for bodybuilders and athletes interested in building a solid foundation of quality mass or cutting up. *Note: Proper testosterone levels are responsible for enhanced libido, energy, immunity, increased fat loss, gaining and maintaining lean muscle mass¹.*

- **To gain size fast**, train with heavier than usual weights & lower reps
- Maintain a diet rich in complex carbohydrates and protein
- Consume 1000-2000 mg of BCAAs after every workout
- Take 10-20 grams of creatine (monohydrate or ethyl ester) daily
- Take L-Glutamine after training and before bedtime
- Drink high glycemic carbs after every workout (to optimize insulin)
- Get plenty of sleep and drink at least 8 glasses of water daily
