

Boost Your Digestive System With FloraMune™*

A Blend of Probiotics & Prebiotics

FloraMune™ is a proprietary synbiotic composition comprised of *Bacillus coagulans*, live organisms (probiotics), soluble dietary fiber (prebiotics) and aloe vera that work synergistically to restore the balance of intestinal micro flora, improve digestion, and support a healthy immune system.*

The live organisms in FloraMune™ are naturally protected by multiple layers of organic material and then enteric coated to ensure maximum bioavailability in the harsh gastric environment.*

Suggested Use: As a dietary supplement, take 1 tablet daily with water or as directed by your health practitioner.

Store in a cool, dry place with lid tightly closed. No refrigeration required. Keep out of the reach of children.

Note: Consult your health care provider if you are pregnant or lactating, have a serious medical condition or are taking prescription medication.
