†Percent Daily Value based on a 2,000 calorie diet.

*Daily Value not established.

Other Ingredients: Gelatin (fish), glycerin, purified water, natural orange flavor and mixed tocopherols (natural vitamin E).

Discussion: Eco DHA™ is an eco-friendly omega-3 plus Vitamin D supplement intended to provide nutritional support for healthy nervous system and cell function. Each 1,000 mg natural orange-flavored softgel provides DHA and EPA in the same 4:1 ratio that exists in vital organs and human breast milk. Eco DHA™ is a molecularly distilled oil derived from calamari, a **sustainable natural source of omega-3**. The calamari in our product are harvested and processed using environmentally-friendly techniques involving little to no by-catch. Significant efforts are made to ensure prompt, local processing to minimize transport and maximize freshness.

Rigorously **quality** tested to guarantee **purity, potency** and **truth-in-labeling**. **Third party tested** for mercury, lead, cadmium, PCBs, arsenic, dioxins and furans.
