THE POWER OF NONI

Affectionately called the "cheese fruit" by Hawaiian natives, the Noni fruit grows in trees in the tropical regions of the South Pacific. This nickname refers to Noni's pungent smell and bitter taste. Noni contains unique compounds that make this fruit one of the hardest "survival plants" in the world. Our Organic Noni 100™ is processed the traditional way that the natives of the South Pacific have prepared it for centuries. Our Organic Noni 100 is pressed (from layered fruit and leaves), and aged for weeks to yield a potent and powerful juice which contains naturally occurring trace minerals, phytonutrients, as well as bioactive and novel compounds.

PURE & ORGANIC

100%
PURE

What makes our supplements so unique? We have only one ingredient: 100% pure superfruit. Each superfruit supplement is 100% pure superfruit juice derived entirely from the fruit, processed by traditional methods used in each country of origin. There are no additives or fillers, and we never dilute our supplements with water or other fruit juices. They're simply 100% pure, USDA Certified Organic superfruits from Genesis Today's Superfood Farms. This product is vegan, certified kosher and contains absolutely no gluten, wheat, dairy, corn, or soy!
