Discussion: PFO[®] Pure Fish Oil is a molecularly distilled pure fish body oil from deep sea, cold water fish flavored with natural orange oil. PFO[®] Pure Fish Oil provides omega-3 with a naturally balanced blend of EPA & DHA and is intended to provide nutritive support for a healthy cardiovascular system.

Supportive but not conclusive research shows that consumption of EPA and DHA omega-3 fatty acids may reduce the risk of coronary heart disease. (See nutrition information for total fat, saturated fat and cholesterol content.)
