DIETARY SUPPLEMENT

BONUS SIZE - 33% MORE FREE!*

Directions for use: As a dietary supplement, Take 1-2 capsules 30 minutes before breakfast or morning workout and 1-2 additional capsules in the afternoon (6-8 hours later) or before an afternoon workout on an empty stomach. Do not exceed 4 capsules per day. Do not take within 6 hours of sleep. In order to assess tolerance, begin with 1 capsule before breakfast and again 6-8 hours later. Use for a minimum of 60 days.

Warning: This product is only intended to be consumed by healthy adults 18 years of age or older. Pregnant or nursing women should not use this product. Consult with your health care provider before using this product, especially if you are taking any prescription, over the counter medication, dietary supplement product or if you have any pre-existing medical condition including but not limited to: high or low blood pressure, cardiac arrhythmia, stroke, heart, liver, kidney or thyroid disease, seizure disorder, psychiatric disease, diabetes, difficulty urinating due to prostate enlargement or if you are taking a MAO-B inhibitor or any other medication. This product contains caffeine and should not be taken by individuals wishing to eliminate this ingredient from their diet. Discontinue use 2 weeks prior to surgery. Do not use in combination with other caffeinated products. Discontinue use and immediately consult your health care professional if you experience any adverse reaction to this product. Do not exceed recommended serving. Do not use if safety seal is broken or missing. **KEEP OUT OF REACH OF CHILDREN.**
