

PRODUCT BENEFITS: This unique formula combines the potent herb, Milk Thistle, with Dandelion plus Alpha Lipoic Acid. Milk Thistle possesses antioxidant properties that may help neutralize cell-damaging free radicals, while stimulating nucleolar polymerase A, to support ribosomal protein synthesis within the liver.* The standardized Silymarin within Milk Thistle also helps to support the structure of the outer cell membrane of the hepatocytes while simultaneously helping to rejuvenate the liver hepatocytes.*

Directions: For adults, take one (1) capsule three times daily or follow the advice of your health care professional. As a reminder, discuss the supplements and medications you take with your health care providers.

WARNING: If you are pregnant, nursing or taking any medications, consult your doctor before use. Avoid this product if you are allergic to ragweed or daisy-like flowers. Discontinue use and consult your doctor if any adverse reactions occur. Not intended for use by persons under the age of 18.
