

One of the best and most effective ways to maintain good health is to go through a thorough colon and body cleanse. Not only does this help remove toxins from the body, it may help improve overall health and energy levels. It will also contribute positively to the overall wellbeing, both mental and physical.

The CLEANSE-RITE Colon Cleanse System is a colon cleansing program spanning over seven days. It is a compound made with a combination of high fiber and well known laxatives which come together to aid in the colon cleansing process and detoxification.

SUGGESTED USE: As a dietary supplement, take one (1) packet mid-morning, one (1) packet mid-afternoon, and one (1) packet at bedtime for seven days. Do not exceed three (3) packets daily. Allow three (3) to four (4) weeks between cleansing cycles. This product should be taken in conjunction with a sensible diet high in fresh fruit and vegetables and six (6) ounces of water eight (8) times a day. Using CLEANSE-RITE once or twice per year is key to keeping your digestive system functioning properly and eliminating buildup and toxins in the colon.
