Well Animal Cuts ain't a fat burner. It ain't a thermogenic. It ain't a diuretic. Or a metabolic... It's all of these wrapped up into one. Having onion-thin skin is not about just getting rid of the fat, it's also the water. Water is what'll keep you looking soft and puffy, even with a low bodyfat percentage. So if you're looking for a complete cutting stack, and not just a regular thermogenic, this is your choice... Animal Cuts.
