

Animal Stak 2™. Natural "Test" Pack.

If you're a serious lifter looking to maximize your strength, performance, and gains then it's time to consider the new Animal Stak 2. Like all other Animal products, Animal Stak 2 is a comprehensive supplement delivered in individual "packs". Each pack contains effective doses of patented and proven ingredients designed to help you naturally enhance your own body's ability to produce anabolic hormone levels. Animal Stak 2 also includes DHT blockers and aromatase inhibitors to help your body prevent the conversion of testosterone to either estrogen or DHT. Finally, you'll find select vasodilators to help enhance systemic circulation and deliver these ingredients where your body needs them most.*

Recommended Use: Take one pack daily for 3 consecutive weeks. On training days, take it 30 minutes prior to exercise. On non-training days, take it on an empty stomach, between meals. For best results, cycle this product following a schedule of three weeks on and one week off. This product can be "stacked" with Animal Pak for superior results. Do not exceed recommended dosage.

WARNING: Not for use by individuals under the age of 18 years. Do not use if pregnant or nursing. Consult a physician before using this product.

KEEP OUT OF REACH OF CHILDREN.

NOTE: Use of this product may be banned by some athletic associations. Athletes should consult with their sanctioning authority before use.

100% GUARANTEE: If not completely satisfied, return remainder of product and receipt to place of purchase within 30 days for an immediate refund or exchange.
