Vitamin C is best known as an antioxidant that can protect the body's cells and molecules from damage by free radicals. NOW® AlphaSorb-C® includes Transport C-PLUS®, a trademarked combination of Threonic Acid-enhanced, buffered (non-acidic) Calcium Ascorbate with Alpha Lipoic Acid. Threonic Acid is a Vitamin C metabolite that has been shown to enhance cellular uptake of Vitamin C. Alpha Lipoic Acid functions as a free radical scavenger that can help regenerate Vitamin C in the body and may also enhance its utilization. With this unique formula, NOW has created a well-absorbed and highly biologically available Vitamin C supplement.*

SUGGESTED USAGE: As a dietary supplement, take 1 tablet daily, preferably with a meal. Consider taking these other NOW® products: Pycnogenol® and Advanced Gamma E Complex.

AlphaSorb-C® 1000

ANTIOXIDANT PROTECTION

**Threonic Acid & Alpha Lipoic Acid
Enhanced**

• Buffered, Bioavailable Vitamin C*
