V3

Caution: For adults only. This product is not intended for long term use; use only as directed. Do not use if pregnant or nursing. Consult physician if taking medication or have a medical condition. Keep out of reach of children.

SUGGESTED USAGE: As a dietary supplement, take 1 capsule daily with a meal.

Zinc is essential to the normal function of many organs and systems within the body including the skeletal, immune, neurological, and endocrine systems. Zinc is a necessary mineral co-factor for hundreds of enzymatic reactions related to protein and carbohydrate metabolism, RNA/DNA synthesis, and inter-cellular signaling. It is also known to play a critical role in the body's defense against oxidative processes and is especially helpful for maintenance of healthy aging. Zinc is also beneficial for vegetarians.*
