The Secret is the Source of Protein!

MEDAMYSYN® Muscle Mass Optimizer Blend combines the trusted MEDAMYSYN® protein blend, with extra Whey Protein and Creatine, to provide sustained, highly bioavailable fuel for your body's protein needs.*

A combination of fast and slow proteins results in a more prolonged absorption rate allowing extended muscle amino delivery.* By extending the delivery of all essential amino acids to your muscles, MET-Rx® XTREME SIZE UP® helps to stop you from going into a catabolic state which can otherwise lead to muscle loss.*

MET-Rx® METAMYSYN® Muscle Mass Optimizer Blend utilizes complete proteins from the finest sources to ensure every amino acid required by your muscles is supplied.*

Energizing Carb Optimizer Blend contains high fiber and glycogen-building carbs that work hand-in-hand with the Muscle Mass Optimizer Blend.* This specialized blend contains over 70g of carbs per serving to keep your muscles fully loaded with this important macronutrient.*

MET-Rx® Xtreme Size Up® is formulated with no fructose, so you won't experience the dreaded crash and burn that comes from consuming sugar-laden formulas. Keep your mind and muscles energized with carbs so you can keep training and growing!†

Lean Lipid Optimizer Blend contains just the right amount of dietary fats per serving. We know that your goal in your workout is to pack inches onto your biceps rather than your waist, so we didn't compromise quality with loads of fats that could slow down your progress.

Multivitamin Optimizer Blend is packed with specially selected vitamins and minerals essential to carbohydrate and protein metabolism.* Optimal intake of key vitamins and minerals is especially important when following a high-calorie diet and exercise program for mass gain. In order to assure proper usage and muscle metabolism of ingested calories* you can rest assured that our comprehensive blend of the right vitamins and minerals will complement your nutrition plan to support your bodybuilding or fitness goals.*

In order to make serious gains, you need to train hard, get lots of rest, and take in plenty of key nutrients. MET-Rx® Xtreme Size Up® makes it easy to get the high quality protein, energizing carbs and essential nutrients that are important for a serious, intensive training program.*
