

Double Strength Odor-less Fish Oil is coated and contains EPA and DHA, which help support and maintain the health of your cardiovascular system.* Omega-3 fatty acids are considered "good" fats important for heart and circulatory health.* Omega-3s also help maintain triglyceride levels already within a normal range.*

Supportive but not conclusive research shows that consumption of EPA and DHA omega-3 fatty acids may reduce the risk of coronary heart disease. See nutrition information for total fat and cholesterol content.

WARNING: If you are pregnant, nursing, taking any medications, including blood thinners, planning any medical or surgical procedure or have any medical condition, consult your doctor before use. Discontinue use and consult your doctor if any adverse reactions occur. Keep out of reach of children. Store at room temperature. Do not use if seal under cap is broken or missing.
