

DIGESTION ENHANCEMENT ENZYMES™

is a comprehensive and potent array of enzymes for optimized digestion, assimilation, and utilization of all types of foods and nutrients, with *no wasted enzymes*. These enzymes have a powerful effect on the digestion of food. Contrary to enzymes of animal origin, these 100% plant-derived enzymes are effective throughout

a wide pH range. Once you have sufficient enzymes to digest your food, more is of *NO* value for digestion. That is why Digestion Enhancement Enzymes™ focus on the *quality*, pH range, and wide spectrum of enzymes, rather than adding more enzymes (that do NOT help to digest further). Health Alliance is your partner in health, and truly cares about you.

Suggested Adjuncts: 1. **Fresh, high-water-content raw foods and easy-to-digest steamed foods** eaten at the same time as heavier foods. Certain foods, including cruciferous veggies (broccoli/broccoli sprouts), kale, cabbages, cauliflower, maca, etc.) are *more easily* digested when cooked. 2. **HealthForce Vitamineral Green™ and Earth™** (unique and extremely nutrient-dense superfood complexes for deep nutritional support); Liver Rescue™. 3. **Exercise** (both strength and aerobic – try rebounding). 4. **Fresh Air** (house plants clean the air). 5. **Everything else healthful.** You deserve it!

EcoFRESH NUTRIENT LOCK PACKAGING™ Our dark glass with rubberized metal lid and oxygen absorber protects 100% of nutrients (creates a vacuum). Glass is recycled/recyclable, does not outgas, and is non-toxic to melt down. Plastic bottles and metal/foil pouches (worst, and not recyclable) dramatically degrade nutrient levels. Plastic outgasses and is highly toxic to melt down.

HEALTH ALLIANCE™ DIGESTION ENHANCEMENT ENZYMES™ IMPROVED v2.0

**FORMULATED TO MAXIMIZE
DIGESTION AND ASSIMILATION
OF ALL FOODS AND NUTRIENTS**

120 VeganCaps™ Dietary Supplement
