

48g Protein - 18g Glutamine & BCAAs**

NITRO-PEAK™

#1 Rated Protein Powder*
Muscle Growth - Repair - Recovery*
Formulated For Pro, College and High School Athletes*

Formulated With Zero Banned Substances***

Dietary Supplement

4.4 lbs (2 Kg) net wt

Strawberry
 Naturally and Artificially Flavored

WHY YOU NEED NITRO-PEAK™: To be a great athlete you need to be able to sustain high forces (strength) at high speeds. The combination (speed X strength) equals power. Bigger muscles can generate more power because they are capable of producing more force at a given speed. To make your muscles bigger, you must stimulate muscle protein synthesis. Amino acids, especially branched-chain amino acids (BCAAs) and L-glutamine, are the most powerful nutrients of their kind with which to stimulate muscle protein synthesis and inhibit muscle protein catabolism (breakdown). Every delicious serving of NITRO-PEAK promotes and protects bigger muscles with 24 grams of BCAA and L-glutamine rich proteins like Whey Isolate and Concentrate, Micellar Alpha, Beta and Kappa Caseins, Milk Protein Isolate and more. Scientists have found these proteins to be superior for building muscle size and strength. Driving the amino acids and nitrogen supplied by NITRO-PEAK full-blast into your body is a proprietary proteolytic enzyme system which has been proven to increase BCAA levels by a staggering 250%. Each serving contains a mere 2 g of fat and 2 g of sugar. The end result is that NITRO-PEAK protects and enhances your ability to produce "speed X strength", or power. And when it comes to performance, power is what defines a great athlete.

NITRO-PEAK #1 Rated Protein Powder*

Ingredients:

ProNitro 7™: Grade A Full Spectrum Bioactive Whey Protein Complex (containing Whey Protein Concentrate, Whey Protein Isolate with naturally occurring critical bioactive compounds including di, tri and oligo peptides, beta lactoglobulin, alpha lactalbumin, serum albumin, and immunoglobulins), Micellar Casein Phosphoprotein Complex (containing Alpha, Beta and Kappa Casein), Milk Protein Isolate (containing 80% Casein and 20% Whey protein fractions), Glucose Polymers, Aminogen® Elite Amino Acid Spiking Polypeptide Complex (containing Aminogen® (Patented Protein Maximizing Enzyme Complex) and Proteolytic Enzymes).

NITRO-PEAK

Amino Acid Profile

****2 Servings With Water**

48,000mg of Amino Acids Including:

8.2g Glutamine¹

9.7g BCAAs (Leucine, Isoleucine and Valine)

¹as Glutamic Acid

Other Ingredients: Maltodextrin, Fructose, Natural & Artificial Flavors, Xanthan Gum, Red Beet Juice Powder, Citric Acid and Sucralose®.

Directions: As a dietary supplement, mix 1 scoop with 5-6 oz of water or milk depending on your desired consistency.

Use approximately 5-6 oz of liquid for each scoop of NITRO-PEAK. Additional servings may be used to meet your daily protein requirements.

Keep out of reach of children and pets.

Store at 15-30°C (59-86°F).

Protect from heat, light and moisture.

Do not purchase if seal is broken.
