A less than optimally functioning liver has profound health ramifications for the entire body. **Liver Rescue™** contains therapeutic levels of the most powerful liver herbs known. Supports both Phase I and Phase II liver detoxification.* Provides powerful direct antioxidants (4,100 ORAC TE/g), plus it increases the liver's ability

to naturally produce the even more powerful metabolic antioxidant enzymes superoxide dismutase (S.O.D.) and glutathione peroxidase. **Liver Rescue™** nutritionally supports liver function and regeneration, liver detoxification, and bile flow.* **SUGGESTED USE:** 2 VeganCaps™ (or as advised by a health care professional) is suggested. **INTENSIVE USE:** 6-12 VeganCaps™ per day, one time or divided.

"The quality, therapeutic concentration, and affordability of a nutritional product can, and often does, mean the difference between lethargy and energy, sickness and health, and, quite literally, life and death. I don't want anyone to be tired, sick, or dead because they could not obtain or afford the best possible product. If someone does not feel this same way, they should not be in the nutritional product business. I live and breathe this philosophy in both my personal and professional life, and constantly strive to evolve HealthForce products and offer them at the best possible values – with a reverence for all life. I would rather die than compromise these values." - *Dr. Jameth Sheridan (Doctor of Holistic Medicine and Hard-Core Herbal Medicine Researcher)*
