BACKGROUND INFORMATION: Nopal Cactus has been used for thousands of years by Mexican natives, both as a food and for enhanced health and vitality. HealthForce Nutritionals Nopal is the authentic *Opuntia streptacantha* species (which is the only species that has shown such significant benefits). This organic cactus is dried at low temperatures to preserve enzymes and heat sensitive elements. Our Nopal Cactus is highly nutritious, and contains a unique phytonutrient, vitamin, and mineral profile that contributes to its beneficial effects. This profile includes support for the immune system and a moderated balance of blood sugar.* It is also high in bulk forming mucilaginous fiber that assists most foods, herbs, and supplements taken with it to be gently and naturally timed released into the blood stream. This includes the timed release of sugars into the blood

stream to support healthy blood sugar and insulin functions.* Will also timed release other foods/herbs into the blood stream, including unhealthful foods. Timed releasing less than optimally healthful foods into the blood stream will allow the body to deal with the resultant toxicity with less difficulty.

SUGGESTED USAGE: 3-6 VeganCaps™ upon arising and 3-6 VeganCaps™ per meal/snack. VeganCaps™ can be opened and mixed into sweet drinks/smoothies for maximum effects (Nopal powder is bitter; do not mix in so many caps that your drink/smoothie becomes unpalatable). **INTENSIVE USAGE:** 6 VeganCaps™ upon arising and 6 with each meal/snack.

SUGGESTED ADJUNCTS: VITAMINERAL EARTH™ WITH ACTUAL FOOD CHROMIUM™; CINNAMON; a whole food, organic, Vegan diet with emphasis on high water content raw foods; a high fiber diet (only whole plant foods have fiber); Vitamineral Green™, a unique and extremely nutrient dense superfood complex for comprehensive nutritional support and cleansing; Liver Rescue™; exercise (try rebounding); fresh air (house plants clean the air).
