THE HISTORY OF EARTH™:

My deepest passion is for the Earth and all of its inhabitants to be healed on a core level. Compromise is not an option. Fluff is meaningless. Substance is everything. Great Spirit put the substances we need for healing on the Earth for us. It is my great honor to assemble them for you. Earth™ begins with a foundation of the legendary Renee Calsse and Hoxsey herbs, and then goes where no product has gone before.

SUGGESTED USE: 2 or more heaping tablespoons per day. Use Earth™ on its own or take with or in the same day as Vitamineral Green™ for a balance of yin/yang. Vitamineral Green™ and Earth™ are so powerful combined that you could virtually live on them alone!

The quality, therapeutic concentration, and affordability of a nutritional product, and often does, mean the difference between lethargy and energy, sickness and health, and, quite literally, life and death. I don't want anyone to be tired, sick, or dead because they could not obtain or afford the best possible product. Loyalty can be divided. I want to make it clear where mine lies. My loyalty is to those who want to thrive, and those whose life situation requires them to thrive. My loyalty is to the end user. My loyalty is to you. In my life now, and one day when I look back upon my life, that will have value to me incomparable to any amount of money, investors, or fame.

ECOFRESH Nutrient Lock™ Our dark glass with unique metal lid and oxygen absorber protects 100% of nutrients (creates a vacuum). Glass is recycled/recyclable, does not outgas, and is non-toxic to melt down. Plastic bottles and metal/foil pouches (worst and not recyclable) dramatically degrade nutrient levels. Plastic outgasses and is highly toxic to melt down.

Smoothies/Foods: Will thicken and nutritify. **Broth or Tea:** Add to warm water or make a tea (virtually all natives made teas of healing herbs with hot water). Tea/broth produces a totally different flavor (with more phytonutrients). Drink all at once or throughout the day. **Other Foods:** Add to foods such as soups, salads, dressings, casseroles, or hot/cold cereals.

Earth™ is Food,
NOT a supplement!

100% TRUGANIC™: TruGanic™ is a purist, hard-core, quality standard significantly beyond Organic. TruGanic™ includes authentic standards for all aspects of production, including electromagnetic radiation, air quality, and actual verification of purity that Organic is lacking.
