LOT# & EXP. DATE ON BOTTOM OF BOTTLE.

Raspberry Ketone is a dietary supplement formulated with 250 mg of pure raspberry ketone per capsule to help maintain healthy body weight in combination with a healthy diet and exercise.* Raspberry ketone is a natural phenolic compound that gives red raspberries their delightful aroma. Preclinical research suggests that it has potential to influence adiponectin, a hormone that modulates fatty acid catabolism and is inversely correlated with body fat levels.*

Suggested Use: Take 1 capsule daily with a glass of water.
