

ENHANCED WITH: **MAGNETIC • HOMEOPATHIC & • VIBRATIONAL ENERGIES**

ZEOFORCE™ is a non-toxic, deeply detoxifying, alkalizing, dietary supplement earth clay that can be taken internally and externally to help rid the body of toxins such as heavy metals, ammonia, and other harmful environmental chemicals*. Benefits increase with continued usage. ZeoForce™ naturally holds a negative charge and will bond with toxins for safe and effective removal*. It can also be used externally for face masks or added into your bath water for a detoxifying bath. ZeoForce™ is pure, Clinoptilolite mineral **CONCENTRATE**, micro reduced to the size of a red blood cell for optimum absorption and potency that diluted liquids simply can not match. The Zeolite "cage" in ZeoForce™ is 100% intact. Also available in VeganCaps™.

ZEOFORCE™ Specs:

- Mineral component: Clinoptilolite
- Overall surface area greater than 250 sq. ft. / gram
- Particle size between 4 - 8 microns (equivalent to 2,400 mesh)
- Magnetically Sanitized for ultimate purity

SUGGESTED USAGES - INTERNAL: 1 teaspoon to 2 tablespoons per day is suggested. Mix into water or fresh juice. Neutral taste. **MORE INTENSIVE USAGE:** 6 tablespoons per day. Ideally, divide servings up. O.K. and effective to take all at once if you can't divide servings up.

CLEANSING FACE/BODY MASK: Mix 4 tablespoons to 4 teaspoons of water. You can also add one capsule of HealthForce CoQ10 and a drop of your favorite essential oil for additional benefits. Do NOT overdue the essential oil and test on a smaller area first to assure that it does not irritate your skin or eyes. Avoid the area around your eyes when applying. Spread a thin layer on your face and allow to dry (about 15 minutes). Rinse thoroughly, using the ZeoForce™ to exfoliate. Follow with a moisturizer if your skin needs one. You can also expand this recipe for full body coverage (spread as thick as you wish).

DETOXIFYING BATH: Add 1/4 - 1 cup (or any quantity you desire) to your bath water for a deeply detoxifying soak. Do all 3 methods for the ultimate detox effect!

ADJUNCTS: An organic, whole food Vegan diet with emphasis on high water content raw foods (like fresh vegetable juices); HealthForce's foundational nutritional products (Vitamineral™ Green and Vitamineral™ Earth). HealthForce Healing Cleanse™, exercise (both aerobic (try rebounding) and strength exercises), and a positive attitude!

YOUR
HEALTH!

"Health is important, and too many things usually get in the way of people actually taking an authentically powerful product. Loyalties can be divided. I want to make it clear where mine lies. My loyalty is to those who want to thrive, and those whose life situation requires them to thrive. My loyalty is to the end user. My loyalty... is to you. And in my life now and one day, when I look back upon my life, that has and will still have value to me incomparable to any amount of money, investors, or fame. The quality, therapeutic concentration, and affordability of a nutritional product can, and often does, mean the difference between lethargy and energy, sickness and health, and, quite literally, life and death. I don't want anyone to be tired, sick or dead because they could not obtain or afford the best possible product. If someone does not feel this same way, they should not be in the nutritional product business. I live and breathe this philosophy in both my personal and professional life and constantly strive to evolve HealthForce products and offer them at the best possible values. I would rather die than compromise these principles!"

100% TruGanic™ Since the USDA now owns Organic, pesticides and other poisons are allowed on and in Organic products under many circumstances! ...and pure foods like probiotics, enzymes, zeolite, charcoal, bentonite, wildcrafted herbs and many superfoods are NOT considered organic, even if grown organically and 100% verified free of pesticides, GMO, and irradiation. TruGanic™, on the other hand, is NOT for sale to anyone at any price! It is a purist, hard-core quality standard significantly beyond Organic standards, with much more stringent criteria and actual verification via testing that Organic does not have.
