Vitamin D-3 Soft Chews provide 250% of the daily value of vitamin D in a delicious chocolate-flavored soft chew. Vitamin D-3 is highly absorbable and the most widely studied form of vitamin D.

Vitamin D is essential to help your body regulate calcium and phosphate levels for strong, healthy bones and teeth.* In addition, vitamin D enhances calcium absorption.* Enhanced absorption can maximize the body's ability to use calcium more effectively.*

The daily recommended range of vitamin D intake is 400 to 1000 IU per day. The average person consumes less than 50% of the recommended amount per day, falling short of the healthy requirements.

Your whole family can enjoy these great-tasting soft chews while getting numerous health benefits from vitamin D. To ensure a complete nutritional program, be sure to add one of GNC's premier multivitamins to your daily regimen.

GNC QUALITY COMMITMENT For more than 77 years, GNC has been the leader in the development of superior nutritional supplements. Our products are produced using only fresh, high-quality ingredients and are manufactured under the strictest quality controls.

GNC GUARANTEE If you are not 100% completely satisfied, return the unused portion of the product with your receipt to a GNC store within 30 days. Our trained sales staff will either refund your purchase price or, if you prefer, assist you in finding a replacement product to help you LIVE WELL.
