Electrolyte Stamina is a dietary supplement that is ideal for sports performance, people working in high temperatures, and anyone expecting to experience high levels of fluid loss.† You may expect a wide spectrum of nutritional benefits.†

Suggested Use: 4-8 tablets daily, depending on activity, divided with meals and before and after periods of physical activity. Take with large amounts of fluid.

For those individuals who lose high amounts of electrolytes, we

recommend also using **Electrolyte Stamina Power Paks**, **Endure**, **Ionic Tonic**, and **40,000 Volts!** liquid electrolytes.

WARNING: Accidental overdose of iron-containing products is a leading cause of fatal poisoning in children under 6. Keep this product out of reach of children. In case of accidental overdose, call a doctor or poison control center immediately.
