**25% MORE PROTEIN
SAME SIZE TAB**

THE SCIENCE BEHIND THE SIZE:

- **PRODUCT:** New and improved with 25% more protein in the same size tablet. Higher potency and faster absorbing branched chain amino acids, peptide bonded and free amino acids that are essential for building muscle.
- **RESULT:** Increases protein synthesis which optimizes muscle growth.**
- **SCIENCE:** *Amino Acids are the building blocks of protein. Protein availability is an essential element of building muscle, when used as part of a low-fat diet and exercise program. Research shows that when taken orally, peptide bonded amino acids, the most easily digested form, are absorbed faster than other types of proteins.

WARNING: Not for use by individuals under the age of 18.

NOTICE: Use this product as a food supplement only. Do not use for weight reduction.

KEEP OUT OF REACH OF CHILDREN.
