

THE SCIENCE BEHIND THE SIZE:

- **PRODUCT:** a fast absorbing anabolic* liquid amino acid that has, per serving, 15 grams (15,000 mg) of high quality branched chain, peptide-bonded, and free amino acids; stress B-complex vitamins; energizing complex carbohydrates; and pure crystalline fructose.
- **RESULT:** protein in its most easily digested, absorbable and utilizable form to maximize muscle growth and optimize protein synthesis.*
- **SCIENCE:** research shows that when taken orally, peptide-bonded amino acids increase nitrogen retention better than free form amino acid mixtures for optimum muscle growth.*

Unless recommended by a health care professional, not intended for use by individuals under the age of 18.

NOTICE: Use this product as a food supplement only. Do not use for weight reduction.

KEEP OUT OF REACH OF CHILDREN.
SHAKE WELL BEFORE USE

- 1 Essential amino acids.
- 2 Branched Chain Amino Acids.
- 3 The L-Tryptophan in this product is naturally present in the protein. It is not added or manufactured.

INGREDIENTS: Purified Water, Hydrolyzed Gelatin, Fructose, Whey Protein Isolate (from milk), Propylene Glycol, Citric Acid, Maltodextrin, Egg White Hydrolysate, Defoamer, Cellulose, Inositol, Choline Bitartrate, Orange Flavor, Sorbic Acid, Sodium Benzoate, Methylparaben, D-Calcium Pantothenate, Nicotinamide, L-Carnitine, Propylparaben, Cyanocobalamin, Pyridoxine Hydrochloride, Riboflavin 5' Phosphate Sodium, Thiamin Hydrochloride, Para Aminobenzoic Acid, Biotin, Folic Acid.

DIRECTIONS: As a quick-acting, easily digested amino acid dietary supplement, take three (3) tablespoonfuls daily, or as recommended by a professional trainer. Amino Fuel may also be taken with meals, between meals, as an anabolic aid* before workouts, or after physical activity. For best results, use as part of a low-fat diet and exercise program.

Best if used by date shown on bottle.
