Pomegranate (fruit extract) (70% ellagic acid)	116 mg	*
Pomegranate (fruit concentrate)	200 mg	*
Blueberry (fruit)	100 mg	*
Natural Blueberry powder	75 mg	*
Stevia (leaf extract)	6 mg	*

†Percent Daily Value based on a 2,000 calorie diet.

*Daily Value not established.

Other Ingredients: Sorbitol, xylitol, maltodextrin, vegetable juice color, citric acid, magnesium stearate, stearic acid, natural mixed berry flavor, natural blackberry with other natural flavor, malic acid, cellulose and FOS blend (fructooligosaccharides, sprouted mungbean extract).

Discussion: Since the days of antiquity, Pomegranate has been considered a fruit with many health benefits. Its brilliant red seeds contain a variety of antioxidant phenolics, notably punicalagins. Punicalagins yield Ellagic Acid, a flavonol which has been the subject of several studies. Blueberry is a berry known for its high levels of antioxidants and also gives this chewable tablet an added berry flavor.

Our own laboratory analysis guarantees purity and freshness of all Thompson® products.
