

OmegaFactors™

Wild Alaskan Salmon Oil

100% PURE SALMON OIL

1000 mg · 180 Softgels

OMEGA-3 EPA & DHA 150 mg

Suggested usage: 1 softgel 1–2 times per day or as directed by a health professional. Keep out of the reach of children.

Wild salmon is a healthier choice than farmed salmon, which is often found to contain high antibiotic, PCB and dioxin levels. Rich in omega-3 fatty acids and astaxanthin, wild salmon oil has a naturally occurring ratio of EPA to DHA. Wild salmon is a better environmental choice too as salmon farms pollute coastal waters. The oil is extracted from already harvested salmon, using fish parts that would otherwise be wasted, thereby conserving existing stocks. Regularly tested for chemical residue and heavy metals to ensure a safe and pure source of fish oil.

Manufactured by Natural Factors to ensure safety and potency in accordance with Good Manufacturing Practices (GMP) of the FDA and Health Canada.

Contains no artificial colors, preservatives, or sweeteners; no dairy, starch, sugar, wheat, gluten, yeast, soy, corn, egg, shellfish, salt, tree nuts, or GMOs. Sealed for your protection. Do not use if seal is broken. For freshness, store in a cool, dry place.
