VITALITY C™

SUPPORTS A HEALTHY IMMUNE SYSTEM*

Enhanced Vitamin C Powder
with GMS-Ribose

6.5 Grams Dietary Supplement

Vitality C—the Next Generation of Vitamin C. Vitality C is a high dose, neutral pH, buffered Vitamin C with a pleasant taste that can easily be mixed with water or juice. Vitality C is further enhanced with a unique GMS-Ribose formulation that enhances the absorption and uptake of Vitamin C. It uses, not one, but four separate pathways to speed the uptake and therefore increasing bio-availability.

Suggested Use: One packet up to four times daily dissolved in water or juice, or as directed by your Health Care Professional. Each serving contains 4 grams (4,000 mg) of the most bio-available Vitamin C.
