

More ALA Omega-3 than fish or flax. Chia seeds may be one of the richest natural sources of ALA Omega-3s on the planet. They're a more sustainable source, too. Chia seeds, a gift from the Creator, are known to be a vital source of nourishment. Chia seed Omega-3s support a healthy Omega-3-to-6 ratio, helping to balance the typical excess Omega-6 in modern foods.*

CHIA OMEGA® + Enzymes is one of the first Omega-3 supplements to combine cold-pressed Chia seed oil with lipase. Our plant-sourced lipase supports the healthy digestion of dietary fats.* Omega-3s are known to support cardiovascular and joint health, as well as healthy cognition.*

- FISH FREE - NO after-taste or fishy burps
- Sustainable source
- Vegan and cruelty-free
